**THE FACE OF DESIGN
LASOURCE**

MEET AMY DICKSON. “Our philosophy of design is that it should be a fun experience,” Dickson says. “We like to let our clients go wild with creativity.” Dickson brings joy and delight to the design process at LaSource, a luxury kitchen and bath showroom with locations in Savannah and Bluffton, and Plantation Interiors in Hilton Head for clients across the South. For Dickson, having fun with design starts from the passion with which she pursues her craft. She travels nationally and internationally to personally select only the best products – curated products for living well – and staffs the shop with skilled designers with decades of combined experience.
